When Internal Warmth meets Elegant Versatility

Introducing Essence Slate, a shade inspired by natural slate stone and enhanced with subtle blue undertones. This sophisticated hue features a balanced grey base, complemented by delicate hints of blue, creating an atmosphere of tranquillity while maintaining a modern and versatile aesthetic. The blend of subtle grey and blue creates depth and complexity, ensuring the colour is vibrant yet not overwhelming. Its soothing, deep tones mimic the essence of natural stone, establishing a tranquil and grounding environment. This shade neatly balances boldness and subtlety, providing a rich backdrop that enhances both modern and traditional aesthetics.

Harmonious blend of Comfort and Elegance

A soft, warm cream shade that beautifully resembles a pale light beige or off-white, enhanced by subtle golden or yellow undertones. This exquisite glaze features variations in tone, from delicate creams to richer golden hues, creating stunning depth and dimension that gives each piece an almost ethereal quality. This shade showcases exceptional resilience to changing trends. Unlike vibrant, bold colours that often come in and out of fashion, soft neutrals like Fantasy Crema maintain a steady demand. This stability offers a significant degree of design permanence, ensuring that it remains relevant in both seasonal and long-term design contexts.

VARIATION GUIDE

DESIGN, PATTERN & SHADE VARIATION GUIDE

Current development efforts have made ceramic tiles to resemble and look authentically to natural material (Stone, Wood, Fabric), and it has become increasingly in many cases, to distinguish between two.

Recognising this situation, it is necessary to be informed on the grade of design & pattern variation that is expected from these products. As a general reference, the design & pattern guide below classifies a scale of ranges according to the degree of variation.

V1 Uniform Appearance **V2** Slight Variation **V3** Moderate Variation **V4** Substantial Variation

The classification is as follow:

V1 Minimal Variation **V2** Slight Variation **V3** Random Variation **V4** Substantial Variation
